

**Queer Posing Dance from Leipzig – We dance heteronormativity to wreck!****Group Info:**

Our queer dancing group meets frequently since May 2018. We are from different contexts and backgrounds that just felt like dancing and performing. Our show consists of a DIY-video, which has a silent movie style and functions as story frame to our choreography.

The theme of our show is the attack to a transgender student in front of Leipzig University.

- 8 to 14 People
- Duration around 20 min
- For adults; kids are ok (no horror or splatter)

**Show:** There should be enough space on stage for up to 14 performers and a screen. The screen can be placed beneath the stage or on stage at the background, then we dance in front of it.

Sequences of a movie form intro, outro and middle part of the choreo:

- movie intro around 3 min.
- choreo with music around 3 min*
- movie part around 2 min.
- choreo with music around 2 min*
- movie outro around 3 min.

During the movie parts it would be cool, if the stage lights could be turned off.
